The New Albany School of Ballet and Dance Arts had a great performance of "Reflections from the Mirror to the Stage" Saturday night at the Magnolia Civic Center. The students ranged in age from three years old to college age, and all forms of dance from ballet to jazz to modern and tap were demonstrated during the performance, with the primary emphasis on classical ballet. All of the students did a wonderful job!

Pictured are dancers that were featured in Saturday's performance. For more information, contact Justine Stewart at 266-0500 or visit www.newalbanyballetstudio.com.
